

Post Qualification Certificate in:

CBT Supervision

Central and North West London 
NHS Foundation Trust

Applications are invited for our Post Graduate Certificate in CBT Supervision, which forms part of our programme of events in continuing professional development. The Certificate will be ideal for experienced CBT practitioners who are already providing, or who are preparing to provide, CBT focused supervision and who wish to enhance their knowledge and skills in this area. For those interested in applying for Supervisor Accreditation with the BABCP, the Certificate can contribute to candidates' individual portfolios of relevant training.

Programme Overview

The Programme comprises 10 days of formal teaching sessions which include didactic and experiential group work. Candidates will be expected to undertake additional self-directed study to support the development of their knowledge and skills, as well as completing coursework assignments. The Programme will take place on Fridays beginning in September 2013.

Teaching sessions take place in our modern purpose built facilities at 20 Eastbourne Terrace, Paddington, London W2.

Programme Content

The aim of the Programme is to equip candidates with the theoretical knowledge and practical skills necessary to provide effective CBT supervision. It offers formal training in the essential competences of supervision as well as theories and models of supervision that can be tailored to individual and group needs. Indicative content includes:

- How to apply the principles of self-directed learning in the context of supervision
- Developing the essential competences of effective supervision – generic and CBT-specific
- CBT focused models of supervision
- How to evaluate the competence of your supervisees
- Managing difficulties in the supervisory relationship

Assessment

Required assignments include a theoretical essay, a process report and a structured observation of supervision practice.

Entry criteria

Eligible candidates will be qualified health professionals who currently provide, or will shortly be providing, CBT supervision as part of their work. A strong prior knowledge and experience of applying CBT principles and methods in clinical practice is essential, as is evidence of having undertaken formal CBT training in support of this. Selection is via an application form which can be downloaded from our website at www.central-london-cbt.com.

Applications close 1 July 2013.

Fees

Fees for 2013 will be £2,000.
